GERRY MULLIGAN, THE QUINTESSENCE (FRENCH PRESSING) -- Fremeaux & Associes FA 246

Here's Gerry Mulligan with performances spanning a number of years and in a number of different settings. It's a 2-CD French Import and is very hard to find. MF is present with the Stan Kenton Orchestra on the track Young Blood. Very, very hard to find, this is one of the least-known CDs with MF.
