

HOW TO ORDER

Please prepare a list of things you'd like to order and e-mail the list to me at

johnwhimes@yahoo.com

Wait for me to get back to you with a total. Once I've verified that everything you requested is in stock and you're happy with the total, you can either send me the funds using ZELLE or via a personal check or money order mailed to my post office box. Upon receipt of the payment, I generally ship the order the next business day.

International customers should contact me first about payment methods.
