

De Castro Sisters CDs with Maynard Ferguson

THE DE CASTRO SISTERS, TEACH ME TONIGHT (GERMAN RELEASE) -- Bear Family BCD 16381 AH

Back on 2/22/57, Maynard took part in a recording session at Radio Recorders, Hollywood, with the pop group The de Castro Sisters. The result was two singles, Flowers on the Hillside and I Know Plenty, which originally were released as a 7" 45. In 1999, the German Bear Family label re-issued this retrospective CD which also includes these two tracks. A rare glimpse of MF in a pop setting. This is a superbly mastered CD, with an excellent discography included in the multi-page front booklet. A must for serious MF collectors. These generally sell on Internet websites for \$20.00 to \$25.00 each, used, plus postage. When I find one for less, I try to snag it and list it here.

MIKE PEDICIN QUARTET/THE DE CASTRO SISTERS, THE HUCKLEBUCK, CALYPSO ROCK / I KNOW PLENTY, FLOWERS ON A HILLSIDE -- RCA Victor DJ-96

Back on 2/22/57, Maynard took part in a recording session at Radio Recorders, Hollywood, with the pop group The de Castro Sisters. The result was two singles, Flowers on the Hillside and I Know Plenty, which originally were released as a 7" 45. But there was also a release to DJs. It's this white label promo EP with the Mike Pedicin Quartet on one side, and the DeCastro Sisters on the other.

I've only seen three copies of this disc, and all three were in plain, generic sleeves, which indicates that there was not a picture cover. This is an EXCEPTIONALLY RARE 45 RPM DJ EP!
